

Final Briefing 26 October

Written by Administrator

Monday, 08 October 2012 10:18 - Last Updated Thursday, 01 November 2012 20:59

The first final briefing of the DESTTECS project was held in Kruibeke, Belgium as part of the Verhaert Innovation Day. Everyone with a special interest into the DESTTECS project was invited to hear the outcomes of the project.

Focus was given to industrial use of the project. Demonstrations were given by Chess (Chessway) and Verhaert (Dredging Setup).
